#### ▶ IMPORTANT NOTES AND DISCLAIMERS

Third Point Offshore Investors Limited is a feeder fund listed on the London Stock Exchange that invests substantially all of its assets in Third Point Offshore Fund, Ltd ("Third Point Offshore"). Third Point Offshore is managed by Third Point LLC ("Third Point" or "Investment Manager"), an SEC-registered investment adviser headquartered in New York.

Unless otherwise noted, P&L, exposure, and position level information are presented at the master fund level where applicable. Exposures are categorized in a manner consistent with the Investment Manager's classifications for portfolio and risk management purposes in its sole discretion.

All fund level net profit and loss or performance results are based on the net asset value of fee paying investors only and are presented net of management fees (which may vary depending on share class), brokerage commissions, administrative expenses, any other expenses of the Funds, and accrued performance allocation, if any, and include the reinvestment of all dividends, interest, and capital gains. While performance allocations are accrued monthly, they are deducted from investor balances annually or upon withdrawal. The net performance results represent fund-level returns (reflecting blended rates of management fees and performance allocations based on the weighted average of the amounts invested in each share class), and are not an estimate of any specific investor's actual performance, which may be materially different from such performance depending on numerous factors. For example, had the highest management fee been applied solely, performance results would likely be lower. The Funds' performance information shown within includes net gains and losses from "new issues." The market price for new issues is often subject to significant fluctuation, and investors who are eligible to participate in new issues may experience significant gains or losses. An investor who invests in a class of Interests that does not participate in new issues may experience performance that is different, perhaps materially, from the performance reflected above. All performance results are estimates and should not be regarded as final until audited financial statements are issued.

While the performance of the Funds has been compared here with the performance of a well-known and widely recognized index, the index has not been selected to represent an appropriate benchmark for the Funds whose holdings, performance and volatility may differ significantly from the securities that comprise the index. Past performance is not necessarily indicative of future results. All information provided herein is for informational purposes only and should not be deemed as a recommendation to buy or sell securities. All investments involve risk including the loss of principal. This transmission is confidential and may not be redistributed without the express written consent of Third Point LLC and does not constitute an offer to sell or the solicitation of an offer to purchase any security or investment product. Any such offer or solicitation may only be made by means of delivery of an approved confidential offering memorandum.

Information provided herein, or otherwise provided with respect to a potential investment in the Funds, may constitute non-public information regarding Third Point Offshore Investors Limited, a feeder fund listed on the London Stock Exchange, or Third Point Reinsurance Ltd., and accordingly dealing or trading in the shares of either listed instrument on the basis of such information may violate securities laws in the United Kingdom, United States and elsewhere.
